

## Media Consent Form

### Media

From time to time the media approach the school requesting co-operation in photographing, filming or interviewing students. The school also seeks to promote the achievements of students by naming them in material provided to the media or by arranging for them to be included in photographs for newspapers and the Internet or vision for television stories.

If you are willing for your child/ren to be photographed, filmed, named or interviewed on topics that do not involve current issues or do not offer a personal insight, would you kindly sign the consent form below and return it to the school office.

This consent applies to the local papers, local television, the school newsletter, in school displays, education promotions and displays.

### Internet

The school will also be promoting achievements of the school on the school website and may include samples of student work and/or photographs of groups of children at work or play. Photographs and videos of school activities and school newsletters are also uploaded regularly to the school website. No photos are named and any names in the newsletter do not include surnames.

### Facebook

The school has a Facebook page which can be accessed by the public and it is used to promote the school and provide information regarding school events. Comments will be deleted from this site and at this time images of students will not be posted.

The school understands that there can be many reasons why families may prefer that their students do not appear in the media or internet, and respects your wishes. If you sign this consent form, but later wish to withdraw it, please notify the school in writing so we can adjust our records accordingly.

If you wish to discuss consent for your student to appear in the media or internet, please feel free to contact me.
