Our number focus this week will be the number '9' and the shape we will learning more about is the rectangle. Our colour for this week will be black. We will practice counting from 1 to 15 and also practice writing numbers 0-5. We will also be learning about Geckos, Giraffes and Gorillas in our nature study time.

In our Phonemic Awareness time we will be focusing on rhyme recognition with the nursery rhyme Hey Diddle Diddle.

I hope everyone has a great week

Hi everyone, welcome to a new week.

For those students who remember to bring their book back each Monday and borrow a new one for the week they will be in the running to get a 'dig' out of my dig box. They must have 5 in a row, which is borrowing a new book each week till the end of term. This week we have a writing focus about the beach, we will do lots of discussions around the topic, talk about what senses we use while we are there and then learn how to write complete sentences. Now that Rugby sport has finished for the term, we will be practicing as a class for the athletic carnival that is happening next week. A new unit of phonemes and camera words will be started this week. v w y x j n k e & all, is, me, no, they, said. Hope you all have a great week. Don't forget Friday is a pupil free day too, so have a great long weekend.

1/2 Mrs Feo

Hi families and welcome to week 7.

I cannot believe how fast this term is going, it sure has been a busy one. Last week we had a fantastic trip to the Parkes Radio Telescope and the Narromine Air Museum. The students were involved in lots of fun activities and hopefully learnt some facts along the way. This week we are looking at the "o" phoneme in Phonics; multiply and divide in Maths; recount writing as our focus and different elements of Africa as part of our Morning Routine. I hope everyone has a great week, Mrs Feo.

3/4 Miss Hall

Hello Families,

The term is quickly running away from us with this being week 7.

For a short week we still have a lot happening. Yesterday I conducted our Dibels testing and was very excited to see that all students are making considerable improvements in their reading. I want to say congratulations and I encourage all students to continue to put in the hard work they do to strive for their individual goals. Today we had many sporting their footy colours for the Footy Cup Cake day. Students have been given the option to take their Nepal Posters home this Thursday to complete any unfinished work over the long weekend however; they need to be brought back into school on the 13th June so we can hand them in. A reminder about homework; it is important that it should be fully completed and be brought in every day so students can change readers and have their extra in-class 1minute fluency practice.

Our Bible verse this week is: The heavens declare the glory of God.
Psalm 19:1

Enjoy the short week J

Hi everyone! Hope you're having a nice week so far! This week the NCS students learnt from the Bible, the story of Rahab. Rahab made the right decision when everyone else made the wrong choice, even though she could've potentially lost her life for what she did. But God honoured her decision and rescued her and her family in the end. The NCS students were encouraged to make the right choice even in times when all others are going against them. The story of Rahab is found in Joshua chapter 2 in the Old Testament.

This week's memory verse is found in Isaiah 60:1. It says, "Arise, shine, for your light has come and the glory of the Lord has risen upon you."

When God is in our hearts, God can help us to make the right decisions in our lives and stand up and shine for what's right. Hope you all have a great week and let's all stand and shine for God!

Coffee Mornings—every Thursday

FUSE—23rd June 6:30pm start

5/6 Mr Walsh

Welcome to week 7 everyone.

Yesterday, Connell Burke received my Student of the week award for his contribution to class discussions, his efforts in class and his improving homework standards.

Last Friday, Georgie, Cara, Sienna, Tahleisha and Thomas all scored 100% in their weekly spelling test, which was a fantastic effort. There were quite a few more students who scored 24 out of 25.

Last week, the students began researching information to be included in their CWA project based on Nepal. The students in my class have been buddied up with a student from the year 3/4 room to assist in their research and project development. The projects are coming along nicely and its great seeing all the students getting involved and learning about another country.

Tomorrow, I will be taking some students to Dubbo to participate in a touch football gala day. Hopefully, the students will have a fantastic time, make new friends and learn some new skills relating to touch football.

This week, our focus in Mathematics will be on Area and Perimeter. In grammar, our focus will be on articles with an Australian focus. The students will continue learning the Lord's Prayer as part of our morning routine and for our Encounter unit we will continue looking at the unit The Three Boy Kings. In science our focus will be looking at light sources.

Hopefully everyone will be wearing blue and gold for cup-cake day today and I'm sure the cakes will sell like pies at the football.

Till next week....Go the mighty Eels.
